Information & Support for Families, Parent/Carers and Young People

Hello and welcome to the Information Bulletin from your locality Families in Focus team. **This bulletin contains information on citywide and South based services.**

The amount of information has grown so large that we have split the Bulletin into two parts, and this is Part 1

Part 1 – Information and Support for Families, Parents/Carers and Young People

Part 2 – Information and Support for Practitioners

Please note that the information here is being shared by Families in Focus but if you require any further details you should contact the relevant organisation. All information is provided by the organisation and Families in Focus hold no responsibility for the contents. Bristol City Council does not endorse the organisations/activities and you should make your own checks to satisfy yourself on the quality of the services on offer. If you would like the information in a different language or format please contact the organisation/agency who will hopefully be able to help.

We cannot guarantee to include everything but will prioritise information on services or activities that practitioners will find useful in their organisation or to pass on to families.

Mindful Parenting & Community Project - Online workshops for managing emotions

Workshops to Manage BIG Emotions in the Family

This series of Mindful, Kindful Workshops support parents with practical techniques that help navigate family challenges.

Run by the Mindful Parenting and Community Project

As parents we live busy and stressful lives with many things on the go. We are often managing other stressors such as budgeting, neurodivergence and long "to do" lists. It's no wonder that we sometimes struggle or feel burnt out.

Mindfulness has been proven as supportive and beneficial in managing stress. It can build our emotional resilience, help us be more present with our children and support us to maintain healthy habits and relationships.

These online workshops support parents with family issues such as managing big emotions, slowing down and being more present with our children and how to manage conflict within the family.

The Mindful Parenting and Community Project has been supporting parents for 10 years. We are parents ourselves and so have a lived experience of these challenges.

Bristol Fair Renting Campaign - Campaign, Stay & Play

A stay and play with a twist!

Concerned about rent and housing costs? Ever been affected by the housing crisis? Don't know what your rights are as a renter? Got ideas? Find it hard to get your voice heard with the kids around?

We know that it can be hard – almost impossible - for carers, guardians and parents of young children to find the time and opportunity to get our voices heard and ask for the changes in our community that impact us the most.

We're the Bristol Fair Renting Campaign – a local, renter-led group that are taking action to fight for a fair renting system together as a community. We have set up a Campaign, Stay & Play to create a space for parents, carers and guardians to be part of community action.

Sessions are from 10.30am-12.00pm on the third Wednesday of every month at The Spark Space on Church Road in Redfield.

Please sign up for sessions here: [Bristol Fair Renting Campaign Events - 4 Upcoming Activities and Tickets | Eventbrite.](#)

Come along to:

Learn about your renting rights

- **Share your ideas and thoughts on renting in Bristol**
- **Find out about the Bristol Fair Renting campaign and how you can get involved**
- **Have a cup of tea or coffee and let the children play**

If anyone is interested in helping to run the sessions, or can't make it but would like some support in setting up something similar at a time that suits you, please text Daisy on 07443 559 912, or email bristolfairrentingcampaign@gmail.com.

Here's what the stay & place looks like, so you know what to expect:

We hope to see you there!
